### Trivia Corner

Can you guess what this is?  
It was used for food preparation in the early 1900s.

### Village Happenings

First off – our four water pipe leaks are fixed! They froze and burst last December, flooding the kitchen and half of the east wing of the museum.

Speaking of the museum, it's getting a complete makeover. Lots of people are making many improvements. There isn't enough room to list all the changes so you will have to come to our **Open House on Saturday, May**

**6<sup>th</sup>, 1-4 p.m.** to check them out. Three areas that really stand out are the new Trivia Corner, the enlarged Black History display, and the new Gift Shop.

We are going to have an Art and Craft Fair at the Historical Village on June 17, 2023.

We are looking for people with artistic or crafting talent to showcase their creations.

Please consider signing up to display and sell your wares by following these simple instructions:

To register - please go to our website

at [www.HilliardOhioHistoricalSociety.com](http://www.HilliardOhioHistoricalSociety.com),

then click on **Art & Craft Exhibitors** in the menu at the top of the page, then complete the registration and payment and you will be all set.

## Profiles in Stewardship

**Joann Hensley**

Joann Hensley has been a volunteer with the Historical Society for about 6 years. She loves history and was attracted to the one-room schoolhouse because it reminded her of her own school where she grew up. She enjoys doing school tours because it gives her the opportunity to show the young visitors all the “good times” that existed back then. She has vivid memories of Christmas pageants, shenanigans around the old furnace, and pie supper fund raisers.

## Local Business Spotlight

**Grandad's Pizza**

Grandad's Pizza has been and continues to be a generous supporter of Hilliard Historical Society events. I had the pleasure of sitting down with Hilliard's Grandad's Pizza owner and operator Dustin Hackney. Grandad's has been in business in Hilliard for eight years. There are four Grandad's in the Columbus area – all owned by members of the Hackney family.

## Trivia Corner Answer:

This kitchen tool is a cherry stoner. It was used to remove the pit from sour cherries that were used to make cherry pies. It could be clamped to a table or counter then the cherries were fed into the funnel at the top. When the crank was turned, the wheel would cut the cherry and push the pit out of the shoot at the front. The cherry split and dropped into a plate placed beneath the wheel.
